Hello Mr. Oakley,

Would you please clarify with whom you have been trying to arrange a meeting for nearly two months now? As far as I can tell, this email chain is the first contact that the Tega Cay Water Citizens Advisory Council (TCWCAC) has had with you.

Thank you for your consideration.

Sincerely yours,

Elizabeth Duda

Greg,

I really appreciate you reaching out and I agree with you completely. In fact, I have been trying to arrange just such a meeting for nearly two months now.

Rick and I welcome the opportunity to sit down with you and see if we can't find a way to facilitate a relationship and communication that would be beneficial to everyone involved. I honestly believe it is possible and necessary to have some productive dialogue that is free of the rhetoric and emotion that gets in the way of mutual understanding.

Please let me know some potential dates and we will do everything we can to make it happen.

Again, thanks to you and the citizen board!

Best,

Tom

Tom,

I appreciate your willingness to connect and feel an in person meeting with yourself and Mr Durham would best facilitate the growth of our relationship.

I would propose an informal meeting with our citizen board and said individuals of UI to discuss proper avenues with our group, moving forward. The beauty of an organic group such as ours is that it operates with no boundaries or limitations. This can allow for streamlined communication on all fronts. Should we build a positive relationship this group could be your biggest cheerleader. I hope my opinion has been of help and that the others members of the group share my sentiment that we all want to see the

proper service at a fair market price afforded to our neighbors in Tega Cay. I appreciate your consideration on this matter and look forward to hearing back from you.

Sincerely,

Greg Rogers
